Subject: boot patent draft Seq. 8501

Doug, Nobo, Matthew:

Attached is a draft of the boot patent app and its figures. Please review the draft. If you have any comments please email me a redline copy. Please call me if you have any questions.

The boot app is the base text for all four of the apps. Each app will build upon it. The Dynamic Installation app is next and should be ready late tonight.

As you know, we are on a short fuse and we have to file all of the apps by the 29th, so please send me any comments as soon as possible. I will incorporate them in the other apps as we go.

Thanks!
